Westwood, MA First Massachusetts Police Department to Distribute Accident Reports with PoliceReports.US

The Westwood, MA Police Department has started making their Massachusetts Crash Report available online with PoliceReports.US. “The crash reports are available the same day they have been approved, and people can pay for them by credit card. We required cash or check for the old mail requests.” stated Lt. Leo Hoban, the Support Services Supervisor. “This will make it more convenient for our citizens.”

The Westwood Police Department serves a Town of 15,300 citizens with 27 officers covering over 11 square miles. The Police Department website currently makes use of downloadable forms and a Twitter feed. Online access to Accident Reports will be an additional enhancement.

“Interest in the Online Accident Report solution from PoliceReports.US is growing in Massachusetts and having Westwood PD live is an important step” stated Mike McGuane, the Regional Manager for Empire Software Solutions.

Empire Software Solutions identifies and then represents software companies that offer solutions that will benefit state/ local government and public safety.
